

Montgomery Kids . . .

- *compassionate care for children, infants through young adults, who have a life-limiting illness*
- *specialized medical and psychosocial end-of-life expertise*
- *a dedicated, interdisciplinary team of trained professionals who work with the children, their families, and their doctors or other caregivers*
- *keeping children in their homes, surrounded by family, friends and things that they love*

Supporting hopes and dreams of children and families
